AQUATOR

DESIGN BY AQUATOR 2005

Salvadore 170 belongs to Aquator's "Armchair" collection. We have put our extensive know-how about professional therapeutic tubs to use.

FEATURES

- Massage with the same amount of power as a therapeutic tub, which is based on the experience obtained from development, production and extensive use in medical institutions.
- Extremely comfortable position + armrests.
- Special pillow ensures the neck muscles are relaxed in every position.
- Wide functional rim on the footside of the bath.
- Spine protected from strong, direct hydro-massage.
- Aquator Touch-screen. Unique driving system, which makes using the various massage baths more comprehensive, precise and delicate. Extremely comfortable to use.
- Price includes all possible massage components (back, side, hand and foot massage). There are 28 hydro-jets and 16 air-jets in total.
- Only top quality components and materials are used in production (Koller - Austria, Lucite - Great Britain, Röhm-Degussa - Germany).
- DME Award 2007 (Design Management Europe Award 2007).
